SUMMARY

Passionate Full Stack Java Developer skilled in Java, Spring Boot, PostgreSQL, and React.js. Experienced in building scalable web apps, RESTful APIs, and microservices, with expertise in Docker and cloud deployment. Proficient in responsive design and modern development practices, eager to contribute to impactful projects in a dynamic team.

SKILLS

Programming Languages & Frameworks:

- **Java** (Core J2SE & Advanced J2EE),
- **Spring Ecosystem:** Spring Framework, Spring Boot, Spring MVC, Spring Data JPA, Spring AOP, Spring Security, Hibernate

Tools & Technologies:

- **Databases:** PostgreSQL, MySQL, SQLite, Firebase
- **Build & Version Control:** Maven, Git, Docker
- **Backend & APIs:** Spring Data REST, JWT, JDBC, REST APIs, Microservices
- **Frontend:** HTML, CSS, SASS, JavaScript, React.js, Bootstrap, JSON, XML

Additional Skills:

- Git Version Control, Cloud Deployment (AWS), DSA, Responsive UI/UX Design, Android Development, Linux, Postman

EXPERIENCE

Front-End Developer

June 2024 - Aug 2024

Anek Technologies Pvt. Ltd. [Link](#)

- Developed intuitive, responsive user interfaces using HTML, CSS, JavaScript, and Bootstrap, ensuring cross-browser compatibility and optimized code for performance and scalability across multiple platforms.
- Collaborated with backend developers and designers, troubleshooting and debugging UI issues to deliver seamless, well-documented, and smooth-functioning web applications.

Full Stack Web Development - Intern

Aug 2023 - Sep 2023

Edureka [Link](#)

- Developed practical full-stack skills (HTML, CSS, JavaScript, MySQL, PHP) as a Web Developer intern at Edureka, contributing to both front-end and back-end development in a team environment.
- Enhanced web application functionalities and created user-friendly interfaces for the Alcohol Addiction website, improving accessibility and user engagement during the internship.

EDUCATION

B.E. in Computer Science & Engineering

2021 - 2024

Maratha Mandal Engineering College, Affiliated to VTU

CGPA : 7.45

PROJECTS

Doctor Appointment Booking (Java) : [AppointmentBooking](#)

- Developed a Doctor Booking Appointment Android app using Java, XML, and Android Studio, integrating Firebase for real-time database management and enhancing usability through user-friendly interfaces.
- Performed extensive testing and debugging, ensuring robust application performance and seamless user experience.

News App (React Js) : [NewsApp](#)

- Developed a News App using React.js, integrating external APIs for real-time news updates, dynamic content updates, and responsive design.
- Enhanced user engagement through categorized news sections and a search functionality, providing an optimal user experience.

Alcohol Addiction : [AlcoholAddiction](#)

- Developed an Alcohol Addiction website during my internship using PHP, HTML, CSS, JavaScript, MySQL, and XAMPP server.
- Designed and implemented responsive user interfaces to improve accessibility and user engagement.
- Integrated MySQL database for efficient data management and ensured smooth functionality across all features.
